AZTEC OF THE MONTH

“San Diego State University Imperial Valley has been a great experience so far. I was an Imperial Valley University Partnership (IVUP) student and had both the SDSU-IV and IVC experience. With this program I earned four Associate’s Degrees and I will earn my Bachelor’s Degree in May, 2018.

During my first year I was not completely sure if college was for me and I considered dropping out. Miriam Castañon, the Director of Student Affairs at the time, made it to where I stayed in school and continued my education. She was also the Advisor for the Associated Students Council and encouraged me to join. The next semester I became an Ambassador and the following year a Senator. Next year I will be running for Vice President to further my leadership skills and hopefully continue to help other students. Joining the Associated Students Council was definitely my best college experience and I owe it all to Miriam. Without her and the Council, I would not have these experiences or degrees.

After graduation I will be attending the Ben Clark Police Academy in Riverside, California to follow the footsteps of two amazing police officers, my father and grandfather. I will hopefully work in my hometown of Brawley and continue a legacy of service.

Besides school and the Council, I play in a band called Pure Majik. Music is one of my passions and this allows me to continue to learn and grow as a guitar player. I also paint and draw as pass-times, but mostly I play guitar.

Getting involved with the school made a huge difference in my college experience and I encourage all students to find what your passionate about and get involved. You will not regret it.”
