Created by:
Daniel S. Nieto, A.S. Senator
Melyssa Gonzalez, Associated Students Coordinator
Miguel Rahiotis, Assistant Dean for Student Affairs
BRENDA ARTEAGA

I am Single-Subject student in the teaching credential program. I transferred out of IVC to SDSU-IV during the fall of 2016 to work on my B.A in History. My time at SDSU-IV has been incredibly eye-opening and educational experience. Not just in terms of academics, but lifelong knowledge. This campus is where I came into myself as a person. It's where I realized what my true calling was. It's where I met people that changed my life for the better. It's the place where I matured the most. And it's the place where I found my true love: traveling. While in the Undergrad program, I was involved with Aztecs Around the World and studied abroad in Ireland during the summer of 2018. I also got to travel through the United Kingdom and France. This was one of the most enriching experiences I've ever had, despite how awful my sunburns were. I'm absolutely positive none of this would have happened without the help of SDSU-IV, its wonderful instructors, or my amazing classmates. I also maintained a 4.0 GPA for the entirety of my program. At the time of my graduation, I was chosen as the Outstanding Graduate Senior in History (2018). I chose to come to SDSU-IV because I feel that our small campus exemplifies some of the values that I hold very dear. SDSU-IV has a tight-knit sense of community, smaller class sizes, value for money, and the opportunities to create bonds with both my classmates and professors. I hope to become a history teacher at a middle or high school level. I plan to continue my education by earning a master's or even a doctorate's degree in my field, so I can then teach at a college level. If all goes well, I may even find myself working at this wonderful campus as a history professor.

Class of 2018 – History, BA
