**When:** Wednesday, February 21, 2018

**Time:** 10:00 a.m. – 11:00 a.m.

**Where:** Classroom LA-1

# AZTEC OF THE MONTH

“As a senior in high school, I decided to enroll in the IVUP Program in 2015 because I liked the idea of saving money and being close to home. However, many of my teachers and classmates at Imperial High School were unsupportive of my decision since they thought I was selling myself short. They believed I would not receive a quality education if I stayed here in the valley. Fortunately, I chose to ignore their remarks and enrolled anyway, which has proven to be one of the best decisions of my life.

I have had professors at both SDSU and IVC who are truly passionate about teaching and enjoy cultivating friendships with their students. I’m also lucky to be an IVUP ambassador since it has enabled me to become more self-confident and develop the people skills needed to recruit high school students to SDSU-IVC campus. I have also joined the Psychology club and Aztecs Around the World club on campus. As part of AATW, I was able to fundraise money to study abroad in Milan, Italy. I absolutely fell in love with Italy as I was able to see many of the historical sites I had spent endless hours learning about in my history classes. I also felt like studying abroad helped me broaden my horizons and be more open-minded since interacting with people from a different culture made me realize there is more than one way to do something and look at an issue. I’m so passionate about traveling the world and learning about different cultures that I have become the president of AATW and my mission is to help SDSU students study abroad in Ireland this summer.

I am currently a senior this year and will graduate with my bachelor’s degree in history. I’m lucky to say I will be graduating early since I will receive my degree in three years. I hope to attend law school after graduating. Meanwhile, I plan on continuing an internship I started last summer at the Imperial County District Attorney’s Office. I have loved being able to work on actual cases alongside experienced attorneys who have a lot of advice to offer. Therefore, I know I have made the most of my time here at SDSU and I’d like to encourage every student to do the same. The only limits that exist are those we impose on ourselves.”
