AZTEC OF THE MONTH

“I feel blessed to be a student here at San Diego State University-IV. This university has something for everyone and I could not be more proud to be an Aztec. Not only has San Diego State University-IV given me an opportunity to grow, but it has also allowed me to meet some great people who may have just become lifelong friends. I never thought I would go to college, but here I am one semester away from earning my bachelor's degree in Psychology. One of my best college experiences thus far was when I was given the opportunity to work with the Student Disability Services under the supervision of Norma Aguilar. That opportunity allowed me to gain experience which would later aid me in obtaining a full-time job while still in school. My success of being a full-time employee and full-time student has a lot to do with what I learned from my time with Norma. My biggest obstacle I've encountered here would probably have to be juggling school with work. It has definitely not been an easy thing to do, and I've had to make a lot of sacrifices. However, I would go through it all again to be where I am now. After graduating, I plan to pursue my masters in social work (MSW) at this very same university. I am extremely grateful to have been given this honor of being Aztec of the Month. I would like to thank all of my fellow Aztecs who have helped me along the way. I could not have gotten this far without you.

With that being said, GO AZTECS!”
