AZTEC OF THE MONTH

ANA FERNANDA LIZARRAGA

“Hello! My name is Ana Fernanda Lizarraga and I am a graduate student at San Diego State University – Imperial Valley. I will be obtaining my Masters in Education with a Concentration in Counseling next May! I originally started my journey at Imperial Valley College and graduated with an associates for transfer in Psychology. I then spent a year and a half at SDSU-IV and graduated with my bachelor’s in Psychology. Experiencing my undergrad at SDSU-IV was a whirlwind. I have met new people who have helped me throughout my academic journey, and without them I would not be where I am today. I have been fortunate to be a student assistant for Student Affairs and have a first-hand experience in helping students.

This position has been the catalyst for my future career: an academic advisor. Working in Student Affairs has shown me the passion it takes to be a counselor, and how fulfilling it is to help the students on campus. Being a first-generation college student was intimidating, but I have been fortunate enough to have counselors at Imperial Valley College and SDSU-IV to help me navigate through college!

I would like to thank Norma Aguilar; who was the catalyst for my success here on campus. Without Ms. Aguilar I would not have gained the confidence to reach for my opportunities rather than wait for them. I would also like to thank Americo Yacopi for being an exceptional supervisor. I have gained the knowledge and skills for my future profession due to him. Also, most importantly, my mother. Without her I would not be where I am today, but she reminds me that anything is possible.

I never expected to gain friends and role models on this campus. I would walk by it every day to go home, but never did I expect the hidden treasure it was. I’m glad the campus is slowly getting the recognition it deserves! Go Aztecs!”
