AZTEC OF THE MONTH

“I am Subah Eid and I have attended SDSU-IV for only one semester so far, and just started my second semester. My experience at this campus has been great. The professors as well as the counselors are always willing to help. Even my classmates are there if one needs help. I really like the environment of this campus. It may get stressful at times, but its college and that’s what I signed up for. I truly like how the professors understand that we have more to do than just school and will help you in any way possible to successfully pass their course.

My major is Administration of Justice. I hope to graduate with my bachelor’s by the year of 2020. I hope to become a Federal Agent, more specifically a United States Marshall. I also am interested in El Centro Police Department and the Imperial County Sheriff’s Office. I would enjoy working for either of these agencies for the rest of my life. I recently just finished my background for the I.C.S.O and just completed my interview for ECPD.

I currently attending the Imperial Valley College Police Academy. I have successfully completed level III and level II. I am enrolled in level I and god willing in June of this year I will successfully complete the IVC Police Academy. The total units with both campuses add up to 29.5 units. It is not easy and is time consuming. I am a full-time student at both campuses.

On top of all that I work full time at Primos Furniture. I work sales, delivery, and almost anything that needs to be done there, I do it. I work every day and decided to take two online classes at SDSU in order to be able to help out at work. I have school and work seven days a week this semester, and I know it won’t be easy. Once this semester is done I will god willing complete a total of 29.5 units and be able to become a full time Deputy or Police Officer and start a career that I have wanted to do my whole life.”
