AZTEC OF THE MONTH

“My name is Marely Garcia and I’m a junior at San Diego State University in the Imperial Valley Campus. As soon as I graduated high school, I had the opportunity to attend Imperial Valley College (IVC) and SDSU-IV at the same time. I was lucky to be part of the Imperial Valley University Partnership (IVUP) program since it helped me to obtain my Associate’s Degree within two years. The IVUP program it’s very beneficial for students whose intention is to gain an Associate’s and a Bachelor’s Degree at the end of their college career. Today, I’m pursuing a Bachelor of Art in Liberal Studies and I’m closer to reaching my goals than ever. However, it has been a challenge!

Working hard has certainly helped me shape my character personally and professionally. The dedication that I developed with the help of my professors at SDSU-IV has inspired me to work harder when achieving my goals.

I’m blessed for the support of my family and basketball coach who always keep pushing me to work harder.

I’m loving my SDSU-IV experience. In this journey I have been fortunate to work with all of my professors, faculty, and classmates. I have built lifelong friendships that I will forever be thankful for. Moreover, I decided to join the Aztecs Around the World club and obtained the position of Public Relations Officer. SDSU-IV has many clubs that are truly enjoyable, and has helped open doors for many Aztecs. Throughout this experience I have been able to acknowledge how hard each individual works to keep accomplishing their goals. This summer, I will be studying in Valencia, Spain for an entire month and I couldn’t be more excited to enhance my education even further.

Lastly, my main goal is to be able to give back to my hometown. I would like to become a teacher for the Holtville Unified School District since it’s where I concluded my lower education. My intention is to change my student’s lives just like mine was changed. Later, I would like to oversee the Holtville Girls Basketball program. I’m currently the Freshmen coach and it has been one of the greatest experiences of my life. I strive to guide my basketball girls to become better individuals and follow the path that they set for themselves. Eventually, I would love to become a successful teacher and be included in the Holtville Green and Gold Hall of Fame. It will take time, and I know I need to be patient, but I’m confident things will come to me as time goes.”

Marely Garcia
